## DEPARTMENT OF INFORMATION TECHNOLOGY

### VISION

To emerge out as a prominent department offering a program blended with research culture in its pursuit for academic excellence in order to develop professionally competent and socially responsible engineers capable of meeting industry demands and social obligations in a vibrant global environment.

### MISSION

1. To build fertile environment, where students receive the best of technological foundation and direction to explore, pursue and hone their own areas of interests, culminating with a wholesome development.
2. To strive towards building an atmosphere that will be a catalyst for innovative ideas and learning, providing students with various opportunities and experiences that can help them to thrive and prosper through a blend of academics, practical exposure and research programs to pursue successful careers in a global environment.
3. To bridge the gap between the industry, institute and society by acquainting the students with the highly dynamic information technology domain.
4. To imbibe a sense of responsibility amongst students to apply their knowledge diligently keeping in mind its possible impact on the society.
5. To develop soft and professional skills.

### PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

1. To impart learners with sound knowledge of basic sciences and core engineering fundamentals.
2. To prepare learners use modern programming tools/technologies and develop competency to counter complicated engineering problems.
3. To prepare learners to be professionally competent and socially responsible to sustain and strive through the competitive, global/environment challenges.
4. To create a strong foundation in IT discipline and motivate learners undertake postgraduate studies, explore professional avenues or venture into entrepreneurship.
5. To inculcate personality traits and professional ethics.

NAAC Accredited with "A" Grade (CGPA : 3.18)

## DEPARTMENT OF INFORMATION TECHNOLOGY

### PROGRAMME OUTCOMES (POs)

PO1: To apply knowledge of mathematics, science and engineering fundamentals and an engineering specialization to the solution of complex engineering problems.

PO2: To identify and formulate, research literature and analyze complex engineering problems resulting in substantial conclusions using principles of mathematics, natural sciences and engineering sciences.

PO3: To design solutions of complex engineering problems and design system components or processes that meet specified needs with appropriate consideration for public health and safety, cultural, societal and environmental considerations.

PO4: To use research based knowledge and research methods including design of experiments, analysis and interpretation of data synthesis of information to provide valid conclusions.

PO5: To create, select and apply appropriate techniques, resources and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations.

PO6: To apply reasoning informed by contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to professional engineering practice.

PO7: To understand the impact of professional engineering solutions in the societal and Environmental context and demonstrate knowledge and need for sustainable development.

PO8: To apply ethical principles and further to commit to professional ethics and responsibilities and norms of engineering practice.

PO9: To function effectively as an individual and as a member or leader in diverse teams and in multidisciplinary settings.

PO10: To communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations and give and receive clear instructions.

PO11: To demonstrate knowledge and understanding of engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO12: To recognize the need for and have the preparation and ability to engage in independent and lifelong learning in the broadest context of technological change.

## DEPARTMENT OF INFORMATION TECHNOLOGY

### PROGRAMME SPECIFIC OUTCOMES (PSOs)

Students will be able to:

1. Analyze real life problems and design user friendly solutions.
2. To provide effective solutions for problems in sectors like healthcare, science, commerce, e-governance etc., by employing right set of tools and methodologies.
3. Design and implement right IT infrastructural setups for any organization.
4. Plan, execute, check and act in specific project tasks.

4. An orientation session on Internship policy was organized by Prof. Richa Sharma on 15th September 2022 for S.Y.B.Tech. Div A students from 10:00- 11:00 am in classroom no 22 and on 16th September for S.Y. B.Tech. Div B students from 12:00- 1:00 pm in classroom no 23.
5. An orientation session for IPD -I was organized by Prof. Prachi Tawde for second year students on 15th September 2022. The session enabled students to understand the process of the IPD course and the timeline for the same.
6. An orientation session for second year students was conducted by final year students on “Pathway for next three years in Engineering” to help the students understand the process of choosing master’s program or placements. The session was conducted by Om Naik, Shivam Vora & Dhruvil Thakore who mentored the students for different job roles and their prerequisites, importance of subjects and internships etc.
7. An orientation session was conducted by the Department of IT, to demonstrate the novel projects to second year students for enabling them to understand the process of project topic selection and development. The session was conducted by group of following Final year IT students: Shaurya Magar, Naitik Vora, Om Naik, Rashmi Lodha and Shazia Talib.

#### **October**

1. DJINIT.AI conducted a session “Introduction to Python I – Basics” on 13th October 2022 from 4:30-5:30 pm. The session was conducted by Karna Mehta and Sairaaj Surve.

#### **November**

1. DJSCE-CSI organized a session on “Git for Geeks: Second Commits” on 2nd November 2022 from 2:00 pm to 4:00 pm. There were 120 participants for the session.
2. Research and Development club conducted a session “Introduction to Microsoft Word and PowerPoint” on 5th November 2022 from 12.00-1.00 pm for S.Y. B. Tech students. The session was conducted by Om Naik, Manan Doshi, Jainam Rambhia, Shaurya Magar.

### Department of Information Technology

- DJINIT.AI conducted a session “Introduction to Python libraries – Matplotlib, Numpy and Pandas” on 5th November 2022 from 1:30-2:30 pm. The session was conducted by Pradhyuman Pandey and Prathamesh Nayak.
- DJ Codestars organized a session on “Time and Space complexity” on 6th November 2022. The session was conducted by Bhavik Jain and Harsha Shah.
- DJINIT.AI conducted a session “Data Analysis” on 12th November 2022 from 1:30-2:30 pm. The session was conducted by Jainil, Akash.
- GDSC-DJSCE organized a session “Get Set GSC” on 12th November 2022 from 11:00-2:00pm. The speakers for the session were Sarrah Bastawala, Jash and Tashan Luktuke. There were 120 participants for the session.
- DJ Codestars organized a session on “Standard Template Libraries” on 12th November 2022. The session was conducted by Parth Pawar.
- GDSC-DJSCE organized a session “Google Cloud Career Practitioners” on 17th November 2022 from 1:00-5:00pm by Jharana Solanki. There were 121 participants for the session.
- The Java and DBMS session was organized by Prof. Neha Katre, Prof. Stevina Correia, Prof. Priyanca Gonsalves for the students of S. Y. B.Tech. on 7th, 9th and 16th November 2022. The session was conducted by T. Y. B.Tech. students. Approximately 120 students attended the same.
- Placement guidance talk was organized on 18th November 2022 for T.Y. B.Tech-B division. The session was conducted by B.E Students, Shivam Vora and Om Naik. Approximately 60 students attended the same.
- Chirag Jagad, Om Naik and Dhruvil Thakore conducted a session on “Federated Machine Learning” on 28th November 2022 for T. Y. B. Tech IT students.

### **December**

- An expert session ‘Clustering in Data Mining’ was organized by Prof. Harshal Dalvi, Dr. Vinaya Sawant on 1st December 2022 from 3:30 pm- 5:30 pm for T.Y. B.Tech. students of IT department. The session was delivered by Dr. Neepa Shah and a total of 120 students attended this session.
- An expert session on the topic ‘Federated Machine Learning’ was organized by Prof. Harshal Dalvi on 5th December 2022 from 12:00 - 01:00pm for T.Y.B.Tech. B division students.

### Department of Information Technology

Chirag Jagad, Dhrumil Thakore and Om Naik from B.Tech. course have delivered quality content on the said topic. A total of 36 students from T.Y.B.Tech. B division attended this session.

#### **February**

1. Dr. Monika Mangla and Prof. Prachi Tawde organized a ISTE Approved one-week Faculty Development Programme on “Emerging Technologies in Machine Learning” from 30th January to 3rd February 2023, jointly organized by Department of Computer Engineering and Information Technology, DJSCE.
2. DJ Codestars organized a session on “Introduction to Greedy” on 07th February 2023.
3. DJCSI partnered with DJSCE Trinity organized “The Weekend” a two-day event on 10th and 11th February which had following events:  
10th February: Workshop on “Power BI” by Alihasan Sabuwala, “Relay Coding” technical game in which 43 teams participated, “Tech Tac Toe” an exhilarating quiz competition among the tech as well as non-tech enthusiasts, non-Tech games like “Mini Golf”, “Nerf Gun”, “Flip the cup” and “Basketball Pong” were conducted.  
11th February: Seminar on "Financing Your Study Abroad: Scholarships & Aid" by Open Canvas Education founder Mrs. Grishma Nanavaty, “Pixel Paranoia” a UI/ UX Competition in which 50 teams (38 offline + 12 online) participated.
4. Indian Society of Manufacturing Engineers (ISME) organized a seminar on ‘Changing Trends in Management and Tips to crack GD and PI’ on 16th February 2023.
5. DJ InIT.AI organized a 6-hour Datathon ‘Data 2 Knowledge’ on 16th February 2023 with over 43 teams (over 80 participants) participating for the event. The event was technically sponsored by Data Science Wizards, Testify AI, OGGNTECH who also judged the finals for the event.
6. DJSCE-GDSC and synapse organized a 24-hour hackathon ‘Hackniche’ on 17th and 18th February 2023.
7. DJ Codestars organized a session on “Tech Interview Questions” on 21st February 2023.
8. An expert session on ‘Competitive Coding’ was organized on 25th February 2023 for the students of S.Y.B.Tech. and T.Y.B.Tech. class of the Department of Information Technology. The session was delivered by Mr. Lekhraj Varshney (Senior Associate - JPMC

& Co., 2015 batch alumni) under the Alumni-Student Interaction Program of the department and 68 students attended this event. The said event was coordinated by Prof. Harshal Dalvi, a member of an alumni committee.

9. Department of Information Technology organized its alumni meet - Sansmaran 2023 on 25th February 2023
10. Pre-Placement guidance talk was organized on 23rd and 27th February 2023 for T.Y. B. tech-A and B division. The session was conducted by Shiny Nair. Approximately 66-68 students attended the same.

### **March**

1. DJ Codestars organized a hands-on session on “How To’s of ICPC” on 1st March 2023. International Collegiate Programming Contest (ICPC) is a mega programming contest to solve the most real-world problems.

### **April**

1. An expert session was organized on 1st April 2023 for S.Y. B.Tech.-IT students for guiding them on the research process and project topic selection. This session was conducted by Shivam Vora, Om Naik, Chirag Jain, Shazia Talib and Shaurya Magar.
2. An orientation Session on Coursera was organized for S.Y. B.Tech. and T.Y. B.Tech. students on 3rd April 2023.
3. Degree Distribution Ceremony -23 for 2022 batch was organized on 8th April 2023.
4. ‘CodeShashtra 9.0’, the longest running 24-hour hackathon was organized by DJCSI on 8th April and 9th April 2023 at DJSCE.
5. DJCSI organized a 24-hour hackathon “Codeshastra 9.0” on 8th and 9th April 2023. Around 55 Teams consisting of 219 participants had participated in the same.
6. An online session was organized on 11th April 2023 for T.Y.B.Tech-IT students for guiding them on the preparation for the Code for Good competition of J.P.Morgan & Chase Company. This session was conducted by final year B.Tech. students, Chirag Jain, Ishika Choksi, Bhoomika Velani and Himanshu Harlalka.
7. DJASCI 2023, an 8th national level project competition was jointly organized by Computer and IT Department on 13th April 2023.
8. ‘DJSCE Internship Fair 2023’ was organized for S.Y. B.Tech. and T.Y. B.Tech. students on 13th April 2023 by DJSCE.

**Department of Information Technology**

9. DJSCI organized a One-to-One Mentoring Session on 13th April 2023 for S.Y. CSI Member Students.
10. DJSCI in collaboration Training and Placement Cell organized a One-to-One Mentoring Session for Internship Fair 2023 on 14th April 2023 for students across all the years and department. The session was conducted by Prof. Shirley Mathew.
11. DJ Codestars organized a competitive coding competition "Code Uncode 6.0", on 17th April 2023. The session was conducted by Parth Pawar and Lance Correia.

**May**

1. DJ InIT.AI organized an expert Session on 'Transfer Learning' for T.Y. BTech. students on 4th May 2023.
2. DJ InIT.AI organized an expert Session on 'Data Analysis' for S.Y. BTech. students on 5th May 2023 in an online mode.
3. Prof. Richa Sharma and Prof. Sharvari Patil organized a Hands-on Session on Python for S.Y. BTech. students on 2<sup>nd</sup> May 2023. The session was conducted by T.Y. B.Tech. students Rujuta Joshi and Shlok Mangle.
